

## Video Conferencing and Online Meetings Apps

SHORT VERSION OF CONSENT FORM for participants at the final project of HCL course

You are invited to participate in a research project of HCI -Human Computer Interactive- course, third year Computer and Systems Engineering department, Faculty of Engineering.

In order for us to be allowed to use any data you wish to provide, we must have your consent.

In simplest terms, we hope you will share with us:

- How your life is affected by covid19.
- Role that online meetings apps play in your life nowadays.
- Difficulties you face during using these apps.
- Features and facilities you hope to be provided by these apps to make your life easier.

The researchers will be able to look at your comments and observations of your ideas.

You may sign this form by checking off all the boxes that reflect your wishes and signing and dating the form below.

- ☐ I agree that my personal information as age and education will be used
- ☐ I agree to audiotaped during my participation in this study
- ☐ I agree to allow any comments or observations that I make to be mentioned in this study and shared via the internet.
